

Hello Brothers and Sisters in Christ,

As a follow up to yesterday's communication titled "Important Worship Services Announcement" Church Council has decided to postpone Church Sponsored Activities for the next three weeks. Currently the building is planned to be opened **only** to Church Staff as well as the Day Care.

We are working as a council to identify how we can continue as a Community in Christ in the face of such a difficult and dynamic situation. We will be working with our Ministry Teams to best support our congregation and outlying community.

There will be digital services this Sunday and moving into the coming weeks.

Church staff is working tirelessly with this situation in how to continue our Ministry. Members with Concerns and Comments are encouraged to reach out to a council representatives:
